

# AT THE BUS

Did you know that **AT The Bus** operates in a studio at Cherwell School and that in September a double decker bus, converted into a separate art studio space for AT The Bus, will be arriving on the school site?

[www.atthebus.org.uk](http://www.atthebus.org.uk)

The bus will look like this, and is designed by artist Camille Wallala. [www.camillewalala.com](http://www.camillewalala.com)

Have you ever thought of designing a vehicle? We are asking you, your teachers, families and friends to design your own vehicle. Plan it. Draw or paint it. Model or make it. What would it look like, where will it go? Wheels provide for all sorts of journeys.

Draw, make or create your own vision on wheels and send it to [info@atthebus.org](mailto:info@atthebus.org) and we will upload it to and exclusive online **Transportation Gallery**. Invite your teachers, friends and family to join in.

Attached is a worksheet as a possible source of inspiration.
